

Support for life

# Always here for you

As an employee of the automotive industry - past or present - we can help you and your family face the challenges life brings, through our free and confidential health & wellbeing support.

# Here for the people of the automotive industry

Whether you work on the shop floor or the top floor, in a factory, garage, office, showroom or on the road, if you're one of the 800,000+ people working in automotive in the UK, then we're here for you and your family.

## Am I eligible?

If you work, or have worked, in the automotive industry or associated trades, or you are a family dependent of someone who does, then you are eligible for Ben's free and confidential support and advice.

Unsure if you're eligible for support from Ben? Then call our free and confidential helpline to check on **08081 311 333**.

## How we help

We provide free and confidential online and digital self-help, a helpline, support and specialist services. We'll seek to understand the challenges you're facing and identify what's affecting your health, wellbeing and quality of life.

We'll work together to create a support plan that's right for you. We can support you online, by telephone or in person, depending on what you choose or need. Together we'll monitor your progress and celebrate your results, as you work to get back on track.

# Support for life

We all need a bit of extra support sometimes to help us get over those bumps in the road. Whether you're worried about your mental health, physical health or concerned about your general wellbeing, we can help. **We'll empower you to live your best life.**

## We've got your back

We support people who need help with a wide range of issues, everyone is different. Things like anxiety, depression, stress, money worries or trouble sleeping can affect any of us, at any time. We can help you overcome obstacles and challenges at any stage of life. Whether you need support to get through a crisis or some tips to help you improve your health and wellbeing, we're here to empower you to live your best life.

As we drive through daily life, it's important to keep an eye on your personal dashboard: your mental health, physical health and wellbeing. How well we feel physically and mentally, changes all the time. Our mental health and physical health are linked – if something affects one, it can impact the other. Looking after your wellbeing can help protect your health but also help you cope when something unexpected happens. We can give you the tools to help you manage your dashboard – to keep you on track or support you in a crisis.

# Tips, advice & tools

Sign up to receive regular health & wellbeing tips, advice and tools straight to your inbox helping you live well, think well, feel well and work well.
