Partnering with S&B Commercials

“With regards to the recent visits from Ben, I felt that these were extremely worthwhile as it brought awareness of the organisation back into the forefront of people’s minds. We have in fact used the services of Ben since then and have recommended their use to a number of people.

“Ben information is around all the sites and is sent to all new starters as a matter of course. We are and will continue to support Ben in any way that we can.”
