"We all have extremely busy lives and I know from personal experience we often neglect our own physical health. We all sometimes need a reminder of the importance of staying physically fit and active. Ben has launched a fantastic quick and easy Physical HealthCheck programme, which will be available to all companies and employees in our industry later this year.

"Having done it myself I would highly recommend it to everyone, it only takes 15 minutes and highlights your general level of fitness as well as offering top tips on how to improve your physical wellbeing. I was surprised by some of my results and I've been working hard to improve my own numbers ahead of my Channel Swim Challenge for Ben in August! I'll certainly be encouraging my Jaguar Land Rover colleagues to embrace the HealthCheck programme and make their physical health a priority."
