

Care Assistant

- Based at Lynwood Care Centre, Ascot
- Salary £9.75 per hour

The role

You will work as part of a team providing the highest standard of personal care to meet the individual needs of our residents. By encouraging their independence and dignity, you will give them the opportunity to lead a normal lifestyle within the warm security of a family setting.

Previous experience and an NVQ level 2 qualification in Care would be an advantage but not essential as training, including the opportunity to gain a recognised care qualification, would be provided.

About you

Ideally you will already be a carer and this job is your vocation. Your over-riding mission is to help people with your superb interpersonal skills, empathy and compassion as well as an ability to assess an individual's needs in order to be able to address the cause and not just the symptom.

As a result you are not simply providing care to an individual in their moment of need, you are enabling them to achieve a greater level of independence and identity.

The right person will not need to 'consider' this role because they will recognise it as the personification of everything they believe in.
